

SMI can be accessed two ways:

- Enter MSC from the front (see below), and walk *all the way* to the back of the building on Linden Drive, or
- Enter the parking lot (21) just off Linden Drive, and bearing left, proceed directly through the door facing you (as shown).

Either way, you will see a staircase by the doors, and an elevator behind it. Take either to the third floor; the Stat 301 lecture room **331 SMI** is just around the corner.

To front entrance of MSC, where the **Statistics Dept** resides. Faculty offices, including mine (1227), and cubicles are in a large area behind glass to your immediate *right*. Other faculty offices, the department administrative office, and all mailboxes are to your immediate *left*.
